

d-Color MF3302en

SIMPLICITY, SAFETY AND SUSTAINABILITY

The **d-Color MF3302en** multifunction printer has been developed to meet the main needs of small and medium-sized work groups. This A4 colour model, with a print speed of 33 pages per minute, can improve work processes by increasing their flow and making them more collaborative and efficient, as well as contributing significantly to a growth in productivity.

Thanks to a modern, intuitive interface, inspired by smartphone features, the **7-inch touch control panel** offers a highly usable and customisable user experience. The **automatic single-pass dual scanner** allows simple, rapid digitising of documents, while the new optional tray enables a **greater paper capacity** and the management of different formats. Finally, in terms of security, this multifunction printer features **various options for authentication**, including biometrics.

The **d-Color MF3302en** is the ideal partner for the modern office, with a particular focus on reducing consumption for greater protection of the environment.
